FOREWORD

The personnel of our missionary force has changed greatly within four years. Many new names have been added and many valiant workers have been called from the joys of service on earth to eternal companionship with the Lord of Missions in the better land.

The names and pictures of the emeritus missionaries have been restored to their proper places in this new ALBUM.

We now have four hundred and fifty-five active missionaries and sixty-nine on the emeritus list.

The date of birth and the year of appointment of each missionary is also given.

We send forth this new edition of our MISSIONARY ALBUM with the earnest hope that there may be inspired, in the hearts of our people, new interest and zeal for the great cause of world missions. We pray, too, that the perusal of this ALBUM may influence a host of young volunteers, who, having learned about these heroes and heroines, shall themselves choose to "follow in their train."
